EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr Lee on March 6, 2006.

In claim 22, line 24, delete the word " boundary" and replace with the word - - periphery - -

DETAILED ACTION

Response to Amendment

1. Applicant's After Final amendment and accompanying remarks filed 02/17/06 have been fully considered and entered. Claims 1,4-5,7,12,14, and 21 have been canceled and claims 2-3,6,8-11,13,15-20 and 22 have been amended as requested. Applicant's cancellation of claims 1,4-5,7,12,14 and 21 renders moot the obviousness rejections set forth in sections 3-6 of the last Office Action. As such, these rejections are hereby withdrawn. Applicant's amendments to claims 13 and 22 are now found patently distinguishable over the prior art made of record for reasons set forth herein below.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: 2-3,6,8-11,13,15-20 and 22 are allowable. Specifically, the prior art of record fails to teach or fairly suggest the limitations recited in claims 13 and 22 wherein "said second layer defines a primary absorbent body of said absorbent article and the first layer is non-coextensive with said second layer and has a portion that extends outwardly beyond a periphery of said second layer". An updated art search did not produce any new substantial art for which to base a rejection and presently there is no motivation to combine references to form an obviousness type rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
